Hopper vacuum sweeper

Hopper vacuum sweeper type BPK

Working width	1.6 - 2.0 / 2.3 m
Hopper capacity	1.5 m ³
Water tank (stainless steel)	300 l
Front broom	180° swivable for right and left side operations
Diameter	1000 mm
Sweeping width	2.3 m
Front broom	fix for right side operations
Diameter	700 mm
Sweeping width	2.0 m

Additional equipment

- Hand suction hose with connecting sleeve and cover
- Suction tube with supporting strap and water feeder
- Water pump with spray gun 20 bars
- Weed broom
- Weed broom for wild herbs
- Special frontal sprinkler bar
- Sprinkler bar above front broom (washing width 1 m) with water supply from water tank via high pressure water pump 150 bars
- Hose reel 10 m with spray gun and spray head (150 bars)

Summer-attachments

Front sweeping broom

Front sweeping broom type BKB 18 F

Ready for attachment with hydraulic drive
Attachment plate, hydraulic swivelling device,
cylindrical front broom with steel or synthetic
brindles (usable for snow operations)

Sweeping width app. 1500 mm

Rear sweeping broom

Rear sweeping broom type BKB 18 H

Ready for attachment with hydraulic drive
Attachment plate, hydraulic swivelling device,
cylindrical front broom with steel or synthetic
brindles (usable for snow operations)

Sweeping width app. 1500 mm

Mowing attachment

Front mowing attachment BPM 300

Mower attached at front plate
Drive by vehicle's hydraulics
..... .50 l/min. (220 bar)
Universal rotor with 36 spoon cutters
Cutting width 800 mm
Horizontal range 3200 mm
Vertical range 3500 m

Washing system

Washing system type BSS-P15

with fix washing bar, hydraulically
swivable for front attachment
Piston pump90 l/min
Water tank 2000 l
Working width 1.3 - 1.9 m
Pressure range 40 / 20 bar

Washing system type BST-P15

With extendable telescopic sprinkler bar,
Hydraulically swivable for front attachment
Piston pump90 l/min
Water tank 2000 l
Working width 1.3 - 2.2 m
Pressure range 40 / 20 bar

Additional equipment

- Spray gun Fischer with 15 m hose and gallows
- Metal hose reel with 30 m hose and
- Spray gun, mounted on rear protection frame, connected to rapid reaction stop cock
- High pressure pump 190 bars
- Lateral spray nozzles for sprinkler bar
